🪪 Profile

Experienced DevOps Engineer with 4+ years of experience in designing and implementing automation solutions, cloud infrastructure, and CI/CD pipelines. Proficient in tools such as AWS, Container Orchestration, Jenkins, and Terraform. Skilled in scripting languages such as Python and Bash. Adept at collaborating with cross-functional teams to ensure seamless deployment of software releases. Looking to leverage my skills and experience to contribute to a dynamic team in a remote work environment.

🧠 Skills

AWS   ● ● ● ● ○
VPC, EC2, RDS, ECS, S3, CloudFormation and more.
